Yard Maintenance

It's Springtime in Glenbrook and Boomtime for Weeds!

Have weeds become the primary greenery in your parkway? With a record year of rain, some of the Glenbrook landscapes have been overtaken by weeds and are overdue for maintenance. With the soil still damp and weather cool, now is the best time year to bust out the gardening gloves and go bush whacking. The Glenbrook Board of Directors has received multiple complaints regarding properties with weeds and overgrowth. The board has the authority to issue warnings and fines to homeowners whose property has become an annoyance or nuisance to the neighborhood. Regular maintenance of the yard, adjacent slopes and adjacent parkways is the responsibility of the homeowner. So as a courtesy to all within the Glenbrook Association, let's keep up the neighborhood by making landscape maintenance a priority.

Thank you in advance, The Board of Directors

Easter Egg Hunt

Well it's that time again when we like to feed small people lots of candy and then watch them run around like bunny rabbits!!! HAI HAI HAI We will assist with this silly behavior by holding the annual Easter Egg Hunt at the clubhouse on Saturday, April 15th at 10am.

This year all groups will hunt at the same time so no one misses the event and the groups will be as follows:

- 1-2 year olds: gather in the Basketball Court
- 3-5 year olds: meet in the grass area behind pool
- 6-7 year olds: you are on the back patio and
- 8-10 year olds: you will hunt on the upper grass area.

Bring your basket and a big smile because the Easter bunny is going to leave treats all around the club grounds for you to find. There will be a grand prize per age group but you must find the golden egg to take home the

Coach Rotblum has been coaching swim at Brea Olinda High School since the 2002. He has an impressive record at BOHS and is very well respected by his colleagues and the athletes he coaches. Brea Olinda High School has won League Titles in 2010, 2012, 2015 & 2016.

Coach Rotblum grew up in New Jersey and swam two years varsity at East Brunswick High School. He graduated from Rutgers University in 1999 with a double major in Religion and Political Science. While in college, he coached with the RVY Riptide Swim Team and played club water polo for Rutgers University. He moved to California in 1999 and worked as a Graduate Fellow at Whittier College. While he worked as an assistant water polo coach, Whittier College was ranked # 1 in Division III in 1999. He graduated with Masters of Arts of Education and Teaching Credential in 2002 from Whittier College.

Coach Rotblum is married to Janelle Rotblum and is the father of two daughters Lena and Kailyn. He enjoys teaching, coaching, reading, and exercising.

Wendy Criner- Age Group Coach

Swimming has always been a big part of Wendy's life. She grew up swimming in Orange County. She started competing in 25s at the age of 4 in the 6 and under group, and through the years developed her swimming into becoming a nationally competitive swimmer. Wendy qualified for Senior Nationals in six different events, and traveled all over the country representing her team.

In high school swimming, Wendy was a CIF finalist in both events she swam all four years, and ranked top 5 over all divisions in many of those events. She competed in the 50 freestyle, 200 freestyle, 500 freestyle, and 200 IM. Wendy was also a critical leg of her various relays qualifying for CIF over the years. Wendy continued as a recruited collegiate swimmer at Cal Berkeley. Swimming under USA women's swimming coach, Teri McKeever, she focused on middle and long-distance freestyle as well as the 4x200 freestyle relay.

Wendy has coached swimmers of all levels over the years, from novice to senior group and high school. Wendy's heart has always been in swimming; especially as she has watched her own daughters swimming develop. As an age group coach, she loves focusing on the developmental skills that strengthen young people into confident young swimmers that enjoy the sport. At this age, Wendy wants young swimmers to have fun, while also becoming more efficient and stronger swimmers; part of the joy swimmers have in the sport is improving their times in events. This is her goal in working with every young swimmer on BGST: help them develop the love and skills of swimming!
